## PROFILE

I am a dedicated IT student with a focus on UI/UX Design and Frontend Development. I stay updated with the latest trends in technology to create responsive, high-performance user interfaces. My internship experiences have honed my skills and provided practical insights, equipping me to contribute effectively in a collaborative environment. I am passionate about creativity and professional growth in my chosen field.

## EXPERIENCE

**Full Stack Developer Intern** Mar 2024 - May 2024  
**Strackit Private Limited - Coimbatore**  
A technology company innovating in web and app development

- Full Stack internship has been a highly enriching experience, blending both general insights and technical growth
- Significantly improved understanding of Full Stack web development and the ReactJS Framework
- I have equipped to tackle real-world challenges effectively

**UI / UX Design Intern** Dec 2024 - May 2025  
**CoderOne**  
A design-oriented incubator fostering innovation

- Trained in tools like Figma, specializing in creating responsive web and mobile designs
- Adept in prototyping, wireframing and developing interactive Dashboards and Collaborative Design Tool.
- Concentrated on user engagement and intuitive navigation

## PROJECT EXPERIENCE

**Digital Canateen** [link](#) Dec 2024 - Apr 2025

- Team Mate (Developed major Frontend and backend components)
- A ReactJS-based food ordering system with QR code login, admin management, subscription based coin balance management and generating Monthly Reports for tracking sales performance.

**TechStack:** React + Vite.js | Tailwind CSS | Node.js | Express.js | MongoDB Atlas | xlsx

**E-Commerce Platform** [link](#) Frontend Design

- Website for an e-commerce platform focusing on best practices in UI/UX design. The website utilizes modern frontend technologies such as HTML, CSS, and JavaScript, incorporating frameworks like React for component-based architecture and enhanced interactivity.

**TechStack:** Figma | React.js | CSS

**Collaborative Design Tool** Design - [Figma](#)  
Team Lead(Designing)

The collaborative design tool project focuses on developing a sophisticated web-based application that facilitates seamless collaboration among design teams working remotely or in diverse locations. The platform will support various design formats and integrate with popular design software, allowing for a versatile comprehensive workspace.

**Tool Used:** Figma

**Dashboard** Design - [Figma](#)  
Team Lead (Designing)

The Dashboard for data visualization project aims to create an advanced user-friendly platform that allows stakeholders within a fictional company or organization to effectively visualize and interpret complex datasets. The primary goal is to develop a dynamic dashboard that incorporates interactive Charts, Graphs and customizable widgets to facilitate real-time data analysis and design-making.

**Tool Used:** Figma

## Key Achievements

### MSME Idea Hackathon 4.0

- Empowering traditional artisans with digital tools, enhancing skills, expanding global market reach, and preserving heritage through sustainable innovation.

### Smart India Hackathon'2024

- Develop a suite of software solution at improving educational infrastructure, resources management, and internet connectivity in rural areas of India, thus providing students with access to quality education.

## Position of Responsibilities

- Led UI/UX team for **CoderOne** Design Internship; designed a collaborative tool with real-time features and User Dashboard with intuitive UX using Figma and design systems.
- Led a team of 5 class mates to plan and conduct Intra-Paper Presentation for **ConnectFest** event in our college.
- Led for **RuralEd** project for **Smart India Hackathon - 2024**. Working with the wider development team.

## EDUCATION

B.Tech - IT CGPA: 7.95  
KSR INSTITUTE FOR ENGINEERING AND TECHNOLOGY  
2022 - Present

HSC - Second Year 65.5%  
Government Higher Secondary School - Vijayamangalam  
2021 - 2022

SSLC 76%  
Government Higher Secondary School - Vijayamangalam  
2019 - 2020

## PROFESSIONAL SKILLS

Designing Tool: Figma (Intermediate), Adobe XD  
Frontend-Technology: HTML, CSS, TailwindCSS, React Js, MaterialUI  
Backend-Technology: Next.js (Basics) MongoDB Atlas, Wamp Server, PHP(Basics)  
Program Languages: Java(Intermediate), JavaScript (Basics)  
Design Pallete: WireFraming, ProtoTyping  
Developer-Tools: Git, GitHub, VS Code

## LANGUAGE

English  
Tamil  
Kannadam(Speak) Native

## AWARDS / ACTIVITIES

CoderOne Intern  
Strackit Intern  
Google Cloud Study Jam '23  
GenAI-Study Jams 2023  
Google Cloud Study Jam '24  
GDG - GenAI Study Jam '24  
SIH'24 Hackathon

## Area of Interest

UI/UX Design  
Frontend Development

## Hobbies

Playing video games  
Sleeping
